

LOGIN FOR ESCAPE ONLINE6

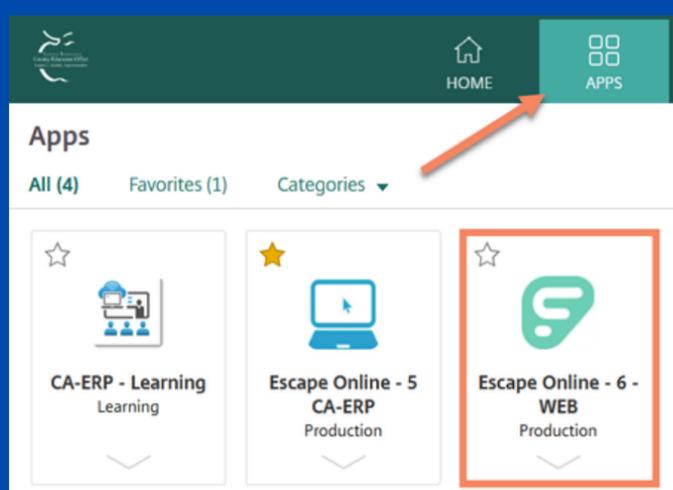

Online6 has a separate password from Online5. You must be logged into Online 5 in order to establish your Online6 password.

1 SET YOUR ONLINE6 PASSWORD

- Log in to Escape Online5.
- On the Home Page, click on Action > My Settings > Change Password.
- Follow the password rules to create your new Online6 password.

2 LOG IN TO ONLINE6

- Open Citrix as you normally would with your original password.
- Launch Escape Online - 6 WEB from the Apps tab.*
- Use Citrix Workspace Launcher to log in with your Escape Username and the new Online6 password you created in Step 1.

*SET THIS AS A FAVORITE BY STARRING THE APP SO THAT IT APPEARS AS AN OPTION ON YOUR HOME PAGE.

3 MULTI-FACTOR AUTHENTICATION (MFA) SETUP FOR FIRST-TIME USERS

Choose your preferred MFA method: Text Message or Email. After selecting your MFA method, you will receive a verification code.

Enter the code when prompted to complete your login.

IMPORTANT NOTES

- Once logged in, the available activities on the left side of the screen will be based on your Escape User Setup.
- Online6 and Online5 work together. Any changes made in Online6 will be reflected in Online5 and vice versa.
