

Personal Identification Pattern (PIP) Reset Instructions

The following instructions will allow you to reset your PIP (Grid pattern) if you forgot what pattern you chose during the initial setup instructions.

1. Open a web browser (i.e. Internet Explorer, Chrome, Firefox or Safari) and go to the following web address: **<http://reset.escape.sbceo.org>**
2. This will open the **SBCEO Self-service Portal** page, click on **Reset PIP**.

3. The following screen will appear, click on **Email me a temporary password**.

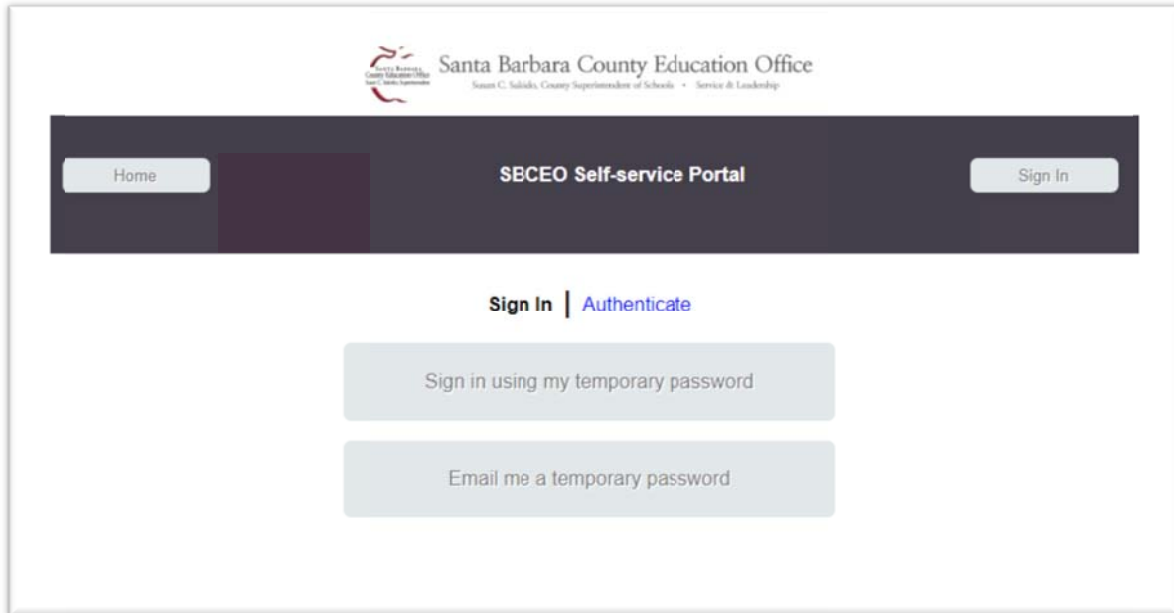

4. In the **Escape Username** box, enter your Username (it's the same as you login to Escape, ie. 61doej). Next, click on the **Send Password** button. An email containing your Temporary Sign-in Password will be sent to your email.

The screenshot shows the SBCEO Self-service Portal interface. At the top, there is a header with the Santa Barbara County Education Office logo and name, and the text "Susan C. Sacchi, County Superintendent of Schools • Service & Leadership". Below the header is a dark navigation bar with a "Back" button on the left, "SBCEO Self-service Portal" in the center, and a "Sign In" button on the right. The main content area has a heading "Reset PIP | Send Password by Email". Below this, there is a label "Escape Username: (i.e. 61doej):" followed by a text input field containing "61doej". A "Send Password" button is positioned below the input field.

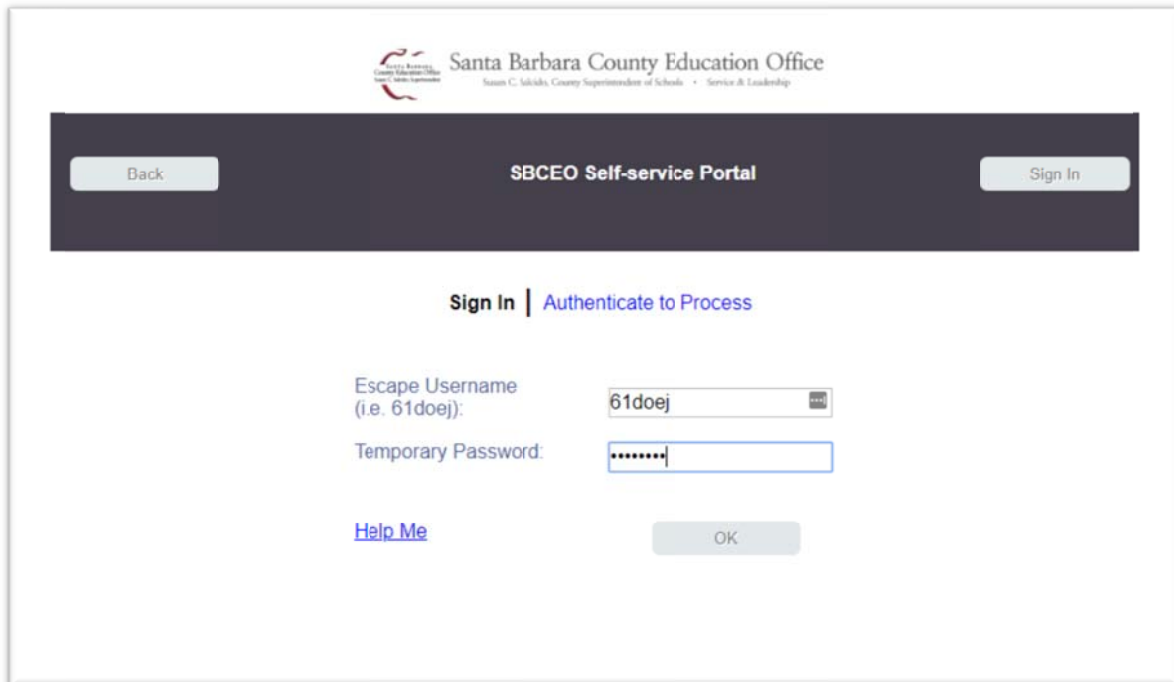

5. You will see the page below acknowledging that an email has been sent. **Please be sure to leave this browser window open.**
6. Once you receive the email with the Temporary Password click the **Sign In** button in the top right. Please note that the Temporary Password is only valid for **10 minutes**.

The screenshot shows the SBCEO Self-service Portal interface after the password has been sent. The header and navigation bar are identical to the previous screenshot. The main content area has a heading "Reset PIP | Authenticate". Below this, there is a large rectangular box containing the text: "PLEASE LEAVE THIS PAGE OPEN! Check your email for your temporary password and then click the sign-in button above to enter the temporary password."

7. The screen below will appear. Click on **Sign in using my temporary password**.

8. The screen below will appear. In the **Escape Username** box, type in the same username you used in Step 4. In the **Temporary Password** box, type in the password that was just emailed to you in Step 6. Once you have filled in the information click the **OK** button.

9. Click on **Reset PIP**

10. Next you will see a page similar to the one below. You will choose a pattern that consists of at least 6 boxes. You cannot have 6 boxes straight in a row, column or diagonally since that is not very secure, a more complex pattern is required.

Type the corresponding letter/number for the boxes you choose into the **Enter cell values** box and then click the **OK** button. The letters are case sensitive so type them in exactly as they appear on your screen. If you get an error, you can click the back button in your web browser and try again.

The screenshot shows the SBCEO Self-service Portal interface. At the top, there is a header with the Santa Barbara County Education Office logo and name. Below the header is a dark navigation bar with 'Home' and 'Sign Out' buttons. The main content area features a 'Reset PIP | Select Pattern' section. A 6x6 grid of characters is displayed, with each character in its own cell. Below the grid is an 'Enter cell values:' label followed by a text input field. There is also a 'Help Me' link and an 'OK' button. At the bottom, there is a 'Need Help?' link and a copyright notice: 'Copyright © 2007 - 2018. SafeNet. All rights reserved.'
